Hi Ksenija,

Please find below the link to the sharepoint site of a document I started that has some potential facilities we could consider for our list. They are drawn from the list the STC presented as well as some Ex. 6 Personal Privacy (PP) recommended. We can discuss further next week, but I just wanted to start.

Ex. 6 Personal Privacy (PP)

Some information from the draft TCRS Research Protocol paper that I could find is pasted below:
